EXPERIENCE

Doersoft pvt.ltd

JAN 2024 - JUN 2024

Frontend Intern

As a frontend development intern at Doersoft Pvt Ltd, I contributed to building and enhancing user-friendly web interfaces using React.js, HTML, CSS, and JavaScript. I collaborated closely with the design and backend teams to create responsive and accessible websites, optimizing performance for various devices.

EDUCATION

Bachelor in Computer Applications

Tribhuvan University | 2021 - Present

COURSE

Vrit Technologies

APR 2023 - JUL 2023

Frontend Development Course

I have gained knowledge in frontend development, focusing on building dynamic user interfaces using React and styling them with Tailwind CSS. This combination has enabled me to create responsive, and modern web applications.

AWARDS

Hexa-IT Quiz

2023

In the HexaIT competition, my friend and I secured 1st place in a quiz-style event focused on solving challenging questions. This victory demonstrated our problem-solving abilities and quick thinking, as we outperformed other participants through our teamwork.

SKILLS

UI/UX Design Tools

Figma | Balsamiq

Version Control & Collaboration

GitHub
